

SAPACIAN

75

As fall the leaves, so drop the days
In silence from the trees of life;
Born for a little while to blaze
In action in the heat of strife,
And then to shrivel with times blast
And fade forever in the past.

In beauty once the leaf was seen;
To all it offered gentle shades;
Men knew the splendor of its green
That cheered them so, would quickly fade:
And quickly, too, must pass away
All that is splendid of today.

To try to keep the leaves were vain:
Men understand that they must fall;
Why should they bitterly complain
When sorrows come to one and all?
Why should they mourn the passing day
That must depart along the way?

We were first known as the Future Nurses Club, but in 1970 we changed our name to Health Careers Club. We did this so we might interest boys as well as girls in the medical profession.

Our main purpose is to give High School Students a chance to see what the medical profession is really like. The members must maintain a c+ average and each is required to put in 24 hours of volunteer work. We work at Yale Community Hospital, Yale Medical Center, Blood Banks, and Community Health Clinics.

Throughout the year, we have had many interesting speakers, each in a different medical profession.

May 5-9 is Hospital Week and May 9 is Health Careers Day. On May 14, we will have our Pin Ceremony, where members who have completed their requirements, will receive an award.
